

The Boston Resource Center

... is an MBRLC partner Peer Education and Recovery Center dedicated to improving the lives of people living with psychiatric conditions, their families, friends and other supporters. We provide support, advocacy, programs, services and opportunities to assist Community Members (Peers) who are attaining and maintaining the highest level of wellness they can achieve. The Center is staffed solely by Peers with all support groups and activities facilitated by Peers. Every Community Member is invited to become directly involved in the leadership, planning, development and expansion of our programs and service offerings.

What Else Should I Know?

What is your goal in life? Allow us to help you attain it! We have educational groups to help you grow and we have social groups to provide you with connection and a safe environment to learn. Our community of Peer staff, volunteers and members are interested in meeting you, sharing their thoughts on recovery, and talking about their lived experience. Our model is that of equality. Join our community as a member, become a volunteer, become a group leader. We have lots to offer, but it is up to you to decide what you want to participate in and when you are ready to join in! Come for an hour, or stay for the day.

The Peer Support Line

...is a compassionate phone line open Monday through Sunday from 4PM to 8PM. Spanish speaking Operators are available on Wednesdays and Sundays.

Support Groups

All groups are “Peer” facilitated, meaning that all groups are led by people who have lived experience with mental health and/or substance use issues.

General Issues Support Group

Talk about anything that concerns you. We have trained staff and volunteers who facilitate each group. Your voice is valued and your thoughts are important. Our groups allow you to get to know other members of our community and share in life’s daily challenges and successes. Mondays and Thursdays 2PM–2:45PM.

Connections Group

This structured support and problem-solving group is similar to any NAMI Connections group that you may have attended anywhere in the country. All our facilitators have attended NAMI Connections training. Mondays 10:30-11:30 AM.

Dual Recovery Anonymous Meetings

This support group is for people who have lived experience with mental health and/or substance use issues. In this group, everyone is welcome. The discussion focus is on the challenges and benefits of sobriety; members share personal stories. M/W/TH 12PM–12:45PM.

Activities
